RESEARCH INTERESTS

Uncertainty quantification, inverse problems, probabilistic numerics

EDUCATION

PhD Machine Learning University of Tübingen	Starting Sep 2019
--	-------------------

MSc Mathematics University of Bonn	Oct 2016 – May 2019
---------------------------------------	---------------------

BSc Mathematics in Business and Economics University of Mannheim	Sep 2013 – Jun 2016
---	---------------------

Higher Education Entrance Qualification Carl-Fuhlrott-Gymnasium Wuppertal	Sep 2004 – Jun 2013
--	---------------------

RESEARCH AND TEACHING EXPERIENCE

Part-time research assistant Institute for Numerical Simulation, University of Bonn Area: scattered data approximation, programming Supervisor: Priv.-Doz. Dr. Christian Rieger	Sep 2017 – May 2019
--	---------------------

Various tutorials University of Bonn and University of Mannheim Exercise classes and marking of ~25 exercise sheets (weekly), marking of the final exams	Sep 2015 – Sep 2017
--	---------------------

SKILLS

Programming
Python, MATLAB, C, C++, R, VBA, Latex, Git, ssh, bash, makefiles, html, css

Languages
German, English, Spanish

ATTENDED EVENTS (SELECTION)

Winter school on hierarchical matrices Kiel University	Feb 2018 – Mar 2018 Kiel, Germany
---	--------------------------------------

Minicourse on the Navier-Stokes equations Institute of Mathematics of the Czech Academy of Sciences	Feb 2018 Prague, Czech Republic
--	------------------------------------
